## ALMEDAHL'S HOME AUTUMN / WINTER 2022

**For our autumn / winter 2022 collection, we welcome earth-inspired colors and details with a hint of nostalgia.**

We believe it is all about creating a personal and comforting home. We are bringing in *Botanic Garden* with its warm natural shades of pink, brown and nature. With the vivid colors of *Skogen (the Forest)* you can make an impression and create a sense of delight in your home. We have added *Linne* which gracefully adds harmony with its solid colours.
