SUMMERTIME SPIRIT WITH LOVE OF PATTERNS

Almedahls Home launches the Spring/Summer collection (SS24)
This collection celebrates the spirit of summer and the love of patterns,
inspired by outdoor living during the summer months.

It blends classic Swedish designs with timeless interior design favorites, creating personal outdoor settings and reintroducing beloved design classics in new colour schemes. The collection features a playful mix of patterns – from florals and dots to simple checks, all in vibrant combinations.

Lilo Hörstadius' *Botanic Garden* in a summery, colorful version and Toni Hermansson's *Ängsö* with meadow flowers, both presented as fabrics, complemented with matching products. New trays in the *Kristina* design are also available, in light blue and yellow.

The product range also expands with summer cotton throws, featuring new colourways in *Pricktyg* and the new wave pattern *Havet*.

A notable new design is *Grytskåpet* by Louise Fougstedt Carling, presented as a kitchen towel.

Additional highlights include Marianne Westman's *Picknick* in blue-beige and Inga-Lill Westman's *Pricktyg* in unbleached linen are highlighted as perfect combinations for summer outdoor furniture. The collection introduces new kitchen towels and napkins in these designs.

Retailers are encouraged to visit the showroom in Kinna, Sweden for a personal experience of the collection.

BOTANIC GARDEN

Botanic Garden is a lovely floral pattern in soft and pleasant colors. It was drawn by Lilo Hörstadius in the 1970s, but has a contemporary expression. Even though there is a lot going on in the pattern it manages to stay harmonious. A pattern that works for all types of products and homes.

PICKNICK

The Almedahls version of *Picknick* has been a success since its launch in 2009. Marianne Westman's beloved porcelain decor was originally introduced by Rörstrand in 1956 and quickly became popular. At the time, the playful, colourful pattern was ground-breaking with its combination of stylized fish and vegetables.
